RE: McCollum v. Livingston Case No. 4:14-cv-03253;
2017 U.S. Dist. LEXIS 19602.

Dear Clerk,

Due to the Heat Related Deaths associated with the above styled case and 4 or 5 more,¹ TDCJ is now placing Inmates taking ~~psychotic~~ Psychiatric Medications and Heart Patients with Heart Restrictions in A/C equip Buildings. Maximum Security Segregation, High Security Units.

We on the SMITH UNIT High Security Cell block were moved from Michael Unit, Estelle Unit and Styles Unit with 24/7 Medical Personnel (Medical Units) to Segregation 24/7 Lockdown - No Fresh Air - No Sunshine - No Out-of-cell Time and worst of all - There are NO MEDICAL Personnel in the Unit after 6 PM.

I (we) were better off on the Units we came from due to not on Lockdown 24/7 - not eating Johnnies for the last 38 days and with our immune systems down for lack of proper Nutrients (Vitamin C, D, O-3, MK, Fruit or Sunshine) and in COLD Temps 24/7 - I think they are trying to KILL us! If I have a heart attack at 7 PM there are NO Medically Trained Trajage Emergency Personnel on the Unit

I know these cases were settled but this can't be what was in the settlement agreement. I am now 10 hours from home and I got a hardship from Amarillo in 2014!¹ Can you help us?

Sincerely,

Joseph-D Smith
